

Repton & Milton Business Questionnaire

Dear Sir or Madam,

The government policies for future planning are set out in the National Planning Policy Framework (NPPF). This framework requires each local planning authority in our case South Derbyshire, to produce a Local Plan for its area. The NPPF states the local plan is KEY to deliver - Sustainable development, Reflect realistic visions and aspirations for the local community.

The plan should set out opportunities for development and clear policies on what will or will not be permitted and where, by identifying strategic priorities for the area. It should also consider if adverse impacts are unavoidable, measures to mitigate or compensate for such impacts.

The 'Repton and Milton Neighbourhood Plan' is our opportunity to create a plan which will attain the same legal status as the Local Plan once it has been agreed at a referendum and (brought into legal force) by the local planning authority. At this point it becomes part of the 'statutory development plan'.

Neighbourhood planning can inspire local people and businesses to consider other ways to improve their neighbourhood through the development and use of land.

Recently, we sent out a questionnaire which asked each member of our parish questions about housing, the environment we live in, amenities, the community and transport. This questionnaire focused on each of us, however the attached questionnaire specifically focuses on businesses in our Parish.

It is very important to also understand our business needs, therefore attached is your opportunity to have you say.

Please try to find the time to fill in this short survey as your opinion about future business planning needs could influence the plan.

Please use the stamped addressed envelope provided to send back your completed survey.

Yours faithfully

Malcolm Coston
Repton Neighbourhood Committee
