Milton Memorial

At the time of the first and second editions, the head piece for the Milton Memorial was still in the Milton Village Hall, but the board containing the names was missing. We subsequently found a newspaper article saying the stone was identical with the Ingleby stone and the Vicar had dedicated both on the same day. John Louis Malpass was added later to the Ingleby memorial.

A new stone was cut in 2017 for the Milton memorial and John Malpass’s name was included. There was a Malpass family at Newtown Cottages.
