

Main Themes

Housing

- No new large-scale developments
- Maintain village boundaries, separation between villages and allow in-filling
- Maintain elderly provision – Dales and Fisher Close
- Good design and local character are important
- Allocate starter homes to those connected with parish

Open Spaces/Environment

- Retain, develop and increase existing open spaces
- Discourage skyline development
- Encourage wildlife (retain open spaces, hedgerows etc) and plant more trees

Amenities/Services

- Very mixed level of response – probably need to filter by age and location
- Some support for visual enhancement of villages

Community/Leisure & Employment

- Somewhat mixed level of response – probably need to filter by age and location
- Strong support for village halls
- Food and drink important and appropriate to parish
- Tourism should be encouraged
- Small businesses/home working should be encouraged
- Support for more tax to enhance facilities

Travel and Transport

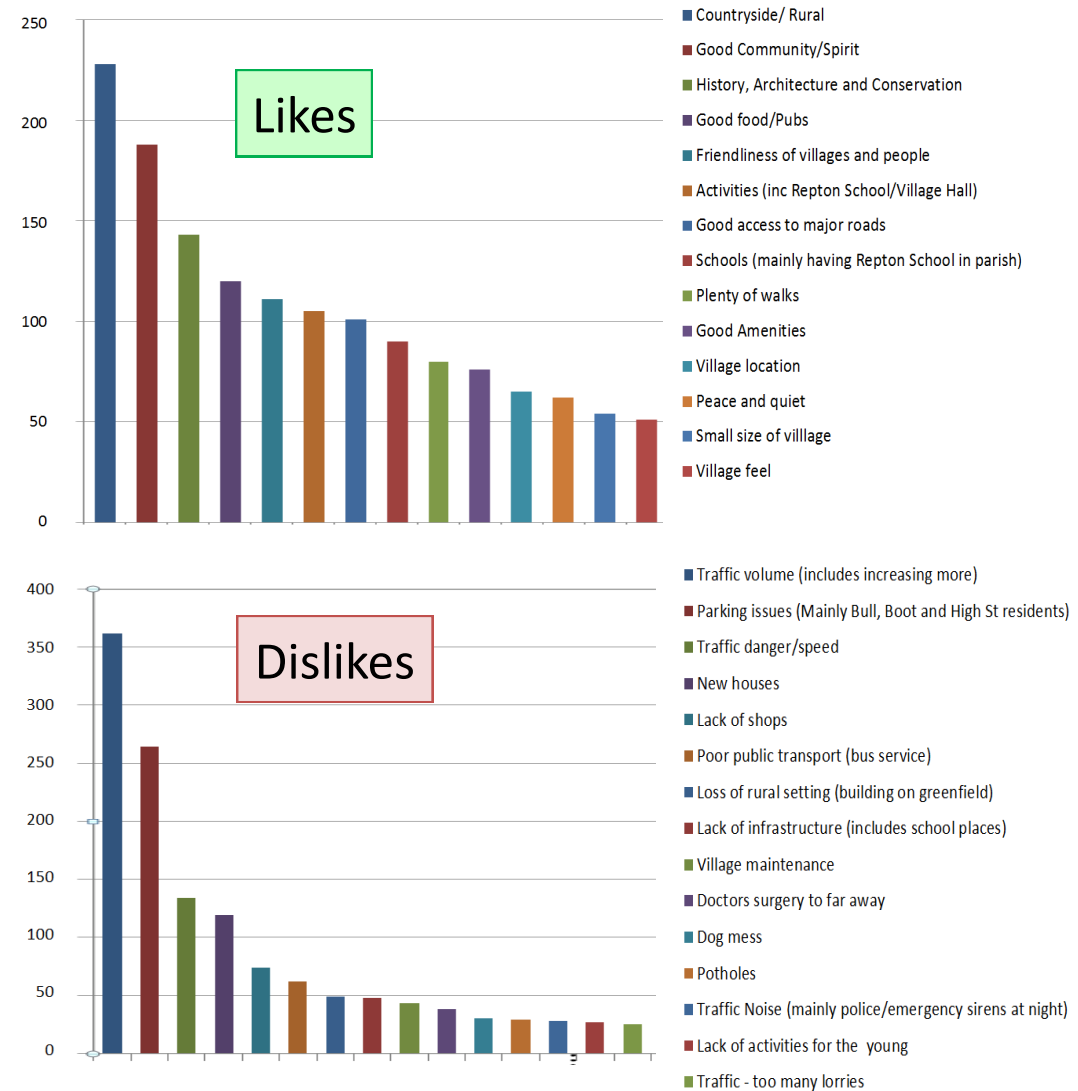

- Parking isn't sufficient
- Traffic levels are a problem
- Cycling and walking should be encouraged
- No obvious support for enhanced buses (but check by location)

The Neighbourhood Plan working group is now drafting the document which will be put before the parish for further consultation this Summer.

Want to Know more? Follow the link on www.reptonvillage.org.uk

There has been an excellent response to the survey questionnaire - 647 forms came back - thank you to everyone who took the time to complete one. There are 1036 households in the parish; 2867 residents, including 1983 adults, according to last census - so this is a really good rate of return - about 1/3 of households.

A selection of responses to key topics

There should be developments of 10 or more houses in Repton or Milton in addition to those already planned

New houses should be contained within the existing boundaries of the villages (in-filling)

Existing healthcare facilities are adequate for the planned size of the community

Repton health centre provides an adequate supplement to Willington doctor's surgery

The Dales area in Askew Grove should be re-developed for elderly care

The Fisher Close area off Askew Grove should remain allocated for sheltered housing

The villages should be visually enhanced, for example by the use of floral planting

Repton and Milton village halls should be retained and enhanced

Good design and high quality materials can make the difference between an acceptable and an unacceptable development

Local details, materials and the character of Repton or Milton should be reflected in any new development

Food and drink provision is important and appropriate (pubs, take-aways etc.)

It is reasonable to increase the Parish Council provision within council tax to pay for enhanced facilities or to retain them, for example to avoid...

The separation between Repton and Milton should be preserved

Development which impinges on the skyline should be discouraged

The bus service to Repton is sufficient – if not please comment below on how it can be improved

Existing parking provision is adequate – if not please specify below how it can be improved

Open spaces within the villages should be retained and, if possible, developed for community use, should the opportunity arise (e.g....

Wildlife should be encouraged (retention of open spaces, hedgerows etc.)

Traffic levels are rising beyond what the present parish road network can sustain

Opportunities should be taken to increase footpath and cycle-path provision
